If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

I, Walton S. Miller, Sr., pursuant to the provisions of Section 1001 of Title 18 of the United State code, declare that I am the successor Managing Trustee of ETechMM, the assignee of Patent No. 6220352 and applicant of this petition (the "Applicant"). As such I am authorized to submit and execute this petition on behalf of Applicant.

The delay in timely payment of the maintenance fee for Patent No. 6220352 was unavoidable due to the health decline, disability, and ultimate death of the previous Managing Trustee, James H. Coker. Mr. Coker died on September 24, 2011, and had been in a state of physical and mental incapacity for over 3 years prior to his death and not available for business decisions.

During Mr. Coker's incapacity, I took all reasonable steps to conduct corporate business and to ensure timely payments were made. Such steps were thwarted due to the following:

- 1. Mr. Coker had the sole decision-making and financial responsibility and authority until his death,**
- 2. Mr. Coker was not available or able to make business decisions, and**
- 3. I was not able to serve as Managing Trustee until Mr. Coker's death.**

Following Mr. Coker's death, I assumed the duties of Successor Managing Trustee and worked to gain control of the ETechMM corporate records. I became aware of the expiration of the Patent on January 28, 2012 and since then I have worked diligently to obtain new legal counsel, review the files and then as promptly as possible to gain the information and forms necessary to file this petition. Therefore, the Applicant respectfully requests that this petition for re-instatement be granted.
